Dear Friends,

Greetings and grace to you! I trust you are well and resting firmly in our Lord Jesus.

My wife and I believe God is calling us to new church development. In order to become equipped & prepared for this trajectory, we are serving with The Village ministry to gain experience & practical knowledge in a new ministry setting. The Village is:

"a values-driven ministry of Christ followers that seeks to bring Christ to post-modern people in the Tucson community and to offer acceptance, kindness, and love to those who are broken, hurting, and in pain."

We are excited to advance Christ's mission here. Presently, I am serving on staff at The Village one-third time as 'associate and administrative pastor;' as such, my primary responsibilities right now are coordinating campus renovations, leading teams, preaching, teaching, and one-on-one discipleship. I am also working two-thirds time in my remodeling/repair business to make ends meet.

By June 15, 2009, I hope to transition toward serving full-time at The Village. In order to go full-time, I need to raise two-thirds of my income through fund-raising. Would you partner with us and help enable us to follow our call?

We would enjoy hearing from you and are eager to share with you in more detail this call God has put within us. Thanks for considering us in our need and walking with us along this exciting new trajectory.
