

Once again I'm back at it...an exciting opportunity has come along that I want you to join me in! With your help I will be able to intern at The Village, the church I'm involved in, as a Community Relations Coordinator.

As an intern, I will be focusing on: starting a youth group program, working with the local Muslim African and Middle-eastern Refugees, meeting with women for discipleship, managing The Village Café, organizing social events, working on community garden projects, personal growth and planning other outreach opportunities. I can't wait!

Will you please join me in reaching Tucson for the Kingdom of God? There is much work to be done in this city, which is rapidly becoming one of the least-churched cities in America.

By May 1<sup>st</sup> I'm hoping to raise \$10,000.00 dollars for a year long internship since The Village is too small of a community to fund me. I will continue to work twenty-four hours per week at Cottonwood de Tucson, which will allow me to have health insurance and help with a portion of my living expenses. The money I'm raising will cover my remaining expenses as well as provide for the year of internship work.

Please consider joining my team with prayer, one-time giving or monthly support. I look forward to sharing with you more about what God is doing through me in the coming months! Thanks! –Lori Moore
